Orthotic Product List

KI2-AFO (Free Motion Bounder)

KI3-AFO (Night time Bounder)

KI4-AFO (Night and Day time Bounder with Dorsi-Stop Bounder strap posteriorly)

KI5-AFO (Night and day time Bounder with Free Motion Bounder strap posteriorly)

KI6-AFO (Hinged with PF stop and inner boot, either polyethylene or medium density material)

K17-AFO (Hinged with PF stop and no inner boot / biomechanical foot plate

KI8-AFO (Hinged DF Assist Joints and inner boot either polyethylene or medium density material)

KI9-AFO (Hinged DF Assist Joints and no inner boot / biomechanical foot plate)

** Please note that any orthosis can come with either our medium density biomechanical molded inner boot or a biomechanical foot plate or no foot plate and just plastic. Standard is the adjustable medium density material which can be growth adjusted. Polyethylene inner boot is also available

Orthotic Product List

KI10-GRAFO (Ground reaction with or without inner boot)

KI11-DBL ADJ (Double adjustable AFO with or without biomechanical inner boot or foot plate)

KI12-AFO (Solid Ankle with inner boot boot / either polyethylene or medium density material)

KI13-AFO (Solid Ankle with no inner boot / biomechanical foot plate or just plastic)

KI14-AFO (PLS AFO with inner boot either polyethylene or medium density material)

KI15-AFO (PLS AFO with no inner boot/ biomechanical foot plate)

KI16-SMO (Molded inner boot and plastic is full length under forefoot)

KI17-SMO (Molded inner boot is full length under forefoot; ¾ plastic under foot)

KI18-SMO (Plastic with no inner boot (with or without foot plate))

** Please note that any orthosis can come with either our medium density biomechanical molded inner boot or a biomechanical foot plate or no foot plate and just plastic. Standard is the adjustable medium density material which can be growth adjusted. Polyethylene is also available

Orthotic Product List

KI19-SMO (High Posterior / comes with either foot plate or your choice of molded inner boot)

KI20-SMO (High lateral Wall, Low medial Wall) with your choice of molded inner boot or foot plate

KI21-UCBL

KI22-KAFO (Double upright KAFO w/drop lock knee joints or free swing and no ankle joints - solid AFO section)

KI23-KAFO (Double upright KAFO w/drop lock knee Joints or free swing and tamarack ankle joints)

KI24-KAFO (Single upright KAFO w/drop lock knee Joints or free swing and tamarack ankle joints)

KI25-KAFO (Single upright KAFO w/drop lock knee joint or free swing and no ankle joints - solid AFO section)

KI26-HKAFO

** Please note that any orthosis can come with either our medium density biomechanical molded inner boot or a biomechanical foot plate or no foot plate and just plastic. Standard is the adjustable medium density material which can be growth adjusted. Polyethylene is also available
